ALL SORTS.

Potts, the murderer of W. A. Dickson, has been arrested near Paradise, Humboldt county.

The ladies of St. Theresa's Church will give a dance and festival at Armory Hall, Wednesday, October 24th.

At Reno on Saturday, Judge Cheney denied motion of attorney for defendant to admit Mrs. Hartley, the slayer of M. D. Foley, to bail.

The Elko Independent which has been neutral in politics has come out squarely for the Silver party. Its all silver in Elko county.

A fruit wagon drove into town a few days ago with the words Oderless Excavator Company in large letters on the side. The idea of selling fruit from such a wagon struck a good many people as incongruous.

Max Popper, ex-Chairman of the San Francisco Democratic Committee, scored a victory yesterday in court. Judge Slack decided that he did not have to answer before the Grand Jury questions implicating himself in alleged bribery.

Nevada women will be surprised to learn that a Delaware woman has been imported to fill the position of seamstress at the Pyramid Lake Reservation, Nevada. This is another sample of the doings of this "great" Democratic Goldbug Administration.

Of the Same Piece.

The San Francisco Chronicle recently claimed a dispatch from Ely to the effect that a club of 100 Republicans had been formed at that place.

Wm. Lawrenson, a resident of that place was asked about that item yesterday by an APPEAL reporter. "It is all nonsense," he said. "There are not over 35 Republican voters in Ely, and 110 Silver men. The Republicans polled 20 votes at their last primaries and the Silver men 90. On election day Ely will stand almost solid for silver." All these campaign stories about Republican clubs in Eastern Nevada seem to be made out of the same piece with the Ely steamboat.

A Card.

Carson Sept., 24th, 1894.

Dr. Southworth announces to the residents of Carson and vicinity that he has disposed of his good will and practice to Dr. W. H. Cavell D. D. S. In retiring from practice in Carson I take this opportunity of thanking my patrons for their very liberal patronage during the past eleven years and heartily recommend my successor as being thoroughly qualified to practice dentistry in all its branches.

Respectfully,
S. SOUTHWORTH.

The Cattle Disease.

A cow afflicted with this cattle disease was killed and dissected in Carson Valley recently. The kidneys were diseased and covered with abnormal fat. Only the fat cattle have died. The kidneys were too heavily incased in fat to throw off impurities, and charged the blood with uric acid. The disease is not contagious.

Proposals Wanted.

Proposals will be received until Monday Oct. 1st, 1894 at 12 M., for the following privileges at the track of the Ormsby County District Fair, to be held Oct. 9th to 12th inclusive: Bar, including lemonade and cigars. Restaurant. Candy, fruits and nuts. Pools.

Wheel of Fortune. Music, not less than ten pieces. Publishing official programme. Bids must be accompanied by a certified check for the full amount, drawn in favor of the Association. Bids should be endorsed "Proposals for Privilege," and addressed to the Secretary of the Association, Carson City, Nevada.

The Board reserves the right to reject any and all bids.

By order of the Board of Directors:
Wm. Hy. Doane,
Secretary.

Notice of Dissolution of Co-Partnership.

The Co-Partnership heretofore existing under the name and style of Bell, Edwards & Co. doing business at Carson City Nevada, and Wellington, Nevada, is this day dissolved by mutual consent. Mr. L. H. Bell having purchased the entire interest in said firm, L. H. Bell assumes the indebtedness due by said firm and is authorized to collect all debts due said firm.

All persons who are indebted to said firm are requested to make payment immediately to L. H. Bell.

L. H. BELL.
Dated September 13, 1894.

THE STRIKER'S TRIAL.

One of the Defendant's Wives Takes the Stand.

At the opening of the morning session the court ruled that all testimony relative to the attempted bribery of Howard, be stricken from the record.

The cross examination of Howard was continued.

The men who were put on watch never got any pay. Mr. Morgan promised to pay them. The day Thompson confessed he had been to McCreary and tried to get McCreary to swear that he was playing cards at Harris' saloon. I never told Martin I could get plenty of witnesses to swear I was home the night the bridges were burned.

Re-direct. Never used giant powder. Never took any coal oil from my residence. Never gave any to Martin or Thompson. I never tampered with train No 4 at Carlin.

Mrs. Sally Howard, wife of one of the defendants, succeeded her husband on the witness stand. She was a pretty little lady dressed in black. Am the wife of Mr. Howard. On the night of July 11th my mother was very sick. I was up with her about 12:30. No one came to my house that night but my husband. He came home about 12. I am 5 feet 1 inch high and weigh about 90 pounds. My husband went to bed with me. I was called up about 1:30 by my father as my mother was worse. My husband was still in bed. He sleeps on the inside of the bed. I assisted my mother, and when I returned to bed my husband was still there. My residence is about three houses from my father's. When my husband came home no one was with him. I had been stopping at my father's about six weeks. The back door of my residence fastens with a bolt from within. There was no coal oil in my house. I borrowed coal oil of my father the day before. No cross examination.

James Cummings the next witness was not at the meeting of the A. R. U. at Carlin on the 29th. Not a member at that time. Witness gave a detailed account of his doings the night he was on watch July 3rd. Did not disable any engines in the round house or assist in disabling any. Was playing cards at Harris' on July 11. Saw Sam Howard several times that night, and played euchre with him at Harris'. I did not take Malloy's car apart and did not hear of it till the other day. Know nothing about the injury to the turn table. Saw no interference with No 4 the morning the train was delayed. Mr. Thompson saw the engine that side tracked the Pullmans.

Cross-examined, Saw March on the platform when the train came in. The train was delayed by reason of the men not working.

AFTERNOON SESSION.

Cross examination of Cummings continued. Witness was positive that no one was with him when he went into the round house at Carlin. Did not order Walker to go to the stationary house or give up his lantern. Howard came into Harris' after witness came in.

Clearly did not come to see me after I had gone to bed. Never told anybody that we would drown squealers. Didn't sit on the tool box with Callahan and Lemon or make any such statements.

Charles Kappler Secretary of the Lodge the next witness described the meeting of the A. R. U. and the arrival and departure of the train much as the other witness had.

Denied taking a knuckle from the Jenny coupler and in any way tampering with it. Was at Carlin on the 11th, the night the bridges were burned. Went to Harris' saloon and played euchre until nearly midnight. Four telegrams were read in the hall on the morning of the 29th.

Cross examined. The dispatch from Debbs ordered a strike. Don't know what has become of the telegrams. Think I gave it to the President of the Union. We struck because we were ordered by Debbs to help Pullman employees to get good wages. I had no grievance about wages but struck because the President of the Union ordered us to. The train was delayed because there were no men to work it. Saw nothing the matter with the coupling. Think the train broke itself. Train would have gone out that night but for the Mediation Committee. Don't know what has become of the Secretary's book. The question of the turn table being disabled was never brought up in the Lodge. March did not in the meeting make a speech to the effect that such action ought

not to go on the minutes as they might be brought up in Court. I didn't tear a leaf from the minute book or make any changes.

J. C. March was the next witness. The witness testified he was not familiar with couplers and did not tamper with the couplers of the train. He corroborated the other witnesses relative to actions in the Lodge. Pat Martin told him on July 3rd that he and Thompson had fixed Malloy's hand car. He advised them to go and put it together. On cross examination witness admitted sending the cipher dispatch and had sent the disputed telegram without the sanction of the mediation committee, and that the translations of the cipher telegrams were correct; I was working on the telegraph line and did not refuse to take any messages. Witness was between the cars when the train started and the Pullmans were detached.

Adjourned until 10 o'clock this morning.

Republican County Convention.

The following nominations were made by the Republican County Convention yesterday.

Senator, Geo. T. Mills; Assemblymen, Gilbert Briggs, W. H. Crisler, C. F. Murphy; Clerk and Treasurer, Geo. A. Tyrell; Sheriff, J. D. Kersey.

Twelve ballots were taken for Recorder without result. A recess was taken and another vote taken. On the 29th ballot Randall was nominated, receiving 19 votes, Calvin, 12 and McCabe 4.

Geo. W. Keith was nominated for District Attorney. J. P. Woodbury, for Long Term Commissioner and C. E. Bray for Short Term Commissioner.

W. A. Hawthorne beat E. L. Buckingham for Justice of the Peace, receiving 14 votes to Buck's 11. S. E. Patterson was nominated for Constable.

Buckingham was the caucus nominee and his friends are kicking because he was retired in the convention.

Dr. Cavell.

By reference to a card in this issue our readers will see that Dr. Southworth has disposed of his dental practice to Dr. W. H. Cavell late of San Francisco, who comes to Carson very highly recommended. Besides graduating with the highest honors from the San Francisco Dental College, he has been associated with some of the leading dentists in California and is thoroughly posted in all the latest fads in his profession such as gold crowns, bridge work etc. We have no hesitancy in recommending him as being a thoroughly competent dentist.

In this connection Dr. Southworth informs us that he intends making Carson his home, and will visit professionally the towns and valleys of the State believing that his health will be benefited by the change.

When the news came that the People's party at Reno would not give Wadsworth a representative on the ticket the very leaves turned yellow and sear and a "dead cold frost" struck the town and its citizens. The voters will undoubtedly stand shoulder to shoulder at the ballot-box to show what they think of this cold-blooded deed of pot politicians, who adjourned every twenty minutes to make a new deal and down our delegation.

Gentlemen of the People's party, right this wrong. Wadsworth wants a Commissioner; knows that it should have received that consideration at your hands—the only thing asked for—and it will be guided in its future course by your future action in this matter.

Awarded Highest Honors at World's Fair.
